ATTENTION EVERYONE
E. N. "Shooter" Fuller doesn't want to sell his nice 4-room house on Route 26, 1 mile from 460 on the Bent Creek road. So please do not come to see him about the house. The price is so high you could not afford to buy it anyway. The rooms are newly papered or painted, but you wouldn't want this. Nor would you like the good well, newly piped in and one of the best wells in the neighborhood. Also the acre of land that goes with the house would make two good building lots. Who in the heck wants two building lots, or a garden, so please don't come to see the house.
Available immediately. Just Kiddin'! This is a give away!!

ED 67 NUMBER 10

Father Darkleaf

by c. h. r.

Dear Mr. Robinson:

We thought you would be interested to know that we actually started field work last Wednesday on the expansion program which we have had in mind in the planning stage for over a year.

We have enjoyed a steady, substantial growth since the present company started in 1948, going from an original 193 telephones to 1,071 at the close of 1958. However, there are still quite a number of people in outlying areas without telephone service. With these people in mind a complete survey of the areas around Appomattox and Pamplin telephone exchanges was made early last year. Large scale maps were prepared and every visible occupied house was spotted on these maps. (It is also safe to say that some few places were missed). Following this, estimates were made as to how many of these people would take telephone service. Then other estimates were prepared as to the cost of building lines to serve these people. Projections were made as to the probable revenues to be received and the operating costs that would be experienced. The cost of getting lines out to these outlying areas, some of them 10 miles from the nearest exchange, is rather phenomenal and is best illustrated by the following estimated changes the program will make in the company's financial and operating situation. The number of telephones will increase about 58%. The gross revenues will increase about 23%. The investment in plant and equipment will increase about 206%.

Since the investment cost is so extremely high for the additional revenue to be received, a small general rate increase for all present Appomattox and Pamplin customers will be necessary after the work is completed. The increase should not be large, however, and the company and most of the business men consulted feel telephone service will be worth much more to present subscribers if they are able to talk with all of Appomattox and Pamplin trade centers, about 600 additional families. The increase necessary is estimated to run on most telephones from 25 to 50 cents per month, depending on whether business or residence and whether single or party line service.

In a further effort to hold costs down the project will be feasible, the company is asking residents of the new areas to be served to secure signed applications from their neighbors to take telephone service for a period of at least 12 months and to secure signed right-of-way agreements, at no cost, from each property owner as their contribution to the project. As rapidly as possible, meetings are being held with interested persons in each area and maps and forms are given them for securing the necessary applications and right-of-way. Several groups are now working in the Red House, Madisonville and Darlington Heights areas and along secondary routes 616, 619, 620, 627 and 632.

At the public and private meetings which have been held, company officials explain that on the basis of their survey, which they think was reasonably prepared, financing has been arranged to do the job and it is now up to the various areas to see if they can sign up the required number of customers and get property owners to contribute the rights-of-way. As for the rate increase which must follow if the expansion is carried forward, business leaders have assured company officials that the town folks will consider the increase a small price to pay for 24 hour a day contact with their "country cousins."

In the areas where soliciting is now in progress, very encouraging results are being obtained. One small area has signed up the required number of applicants and secured all right-of-way. One of the larger areas, Madisonville, has signed up the required number of applicants and has only 2 or 3 spots in which right-of-way has not yet been secured.

If the community cooperation is sufficient to launch the expansion program, it is estimated that lines will be constructed the last half of this year and service should be available to the major portion of the new areas by the end of this year. At that time it would then be possible for subscribers to talk over distances up to 25 miles, to other subscribers in Appomattox, Charlotte and Prince Edward Counties, and the towns of Appomattox and Pamplin, without paying a toll charge.

Very truly yours,
Keith E. Schuler
Appomattox Telephone Company.

(Editor's note: We understand a revision of dial numbers will be made at the completion of this expansion program).

Demonstration Club Schedule

An exchange of shrubbery and plan planning for the 1960 program will feature meetings of the Home Demonstration Clubs next week. The schedule:

Monday, March 9.- Bethany Club will meet at 1:30 P. M., with Mrs. W. J. Goolsbridge.

Thursday, March 12.- The Stonewall Club will meet at 2 P. M. at the home of Mrs. Lyle Thomas, with Mrs. Marvin Stratton co-hostess.

Jaycees Hosts To Meeting

Appomattox Jaycees will be hosts at a Regional meeting of the Junior Chamber of Commerce here March 11. The meeting will be held at 7:30 P. M., in the Elementary School cefeteria. Wives of the Jaycees are urged to be present and aid in serving refreshments, and are asked to contact Mrs. Ray Wilhoit.

ELEMENTARY SCHOOL CAFETERIA MENU

March 9: Corn beef hash on toasted bun, string beans, boiled potatoes, fruit cup, 1-2 pt. milk.

March 10: Grated Irish potatoes with cheese and onions, collard greens, waldorf salad, chocolate pudding, spoon bread, 1-2 pt. milk.

March 11: Hot dog in roll with dressing, cole slaw, macaroni and cheese, ice cream, 1-2 pt. milk.

March 12: Chicken noodle soup with crackers, graham crackers with peanut butter, carrot and celery strips, apple Betty, 1-2 pt. milk.

March 13: Old fashioned baked beans, mixed greens, whipped potatoes, hot yeast bread, berry roll, 1-2 pt. milk.

Meters Took In $2,400 First Year of Use

First Candidates File For Office

The lid was pried off the political pot in Appomattox this week, when Mr. Irby B. Wheeler announced he would be a candidate for the office of Supervisor from the Stonewall Magisterial District, subject to the Democratic Primary this summer.

Mr. Wheeler filed his papers last week-end with the chairman of the County Democratic Committee, W. M. Abbitt.

The incumbent Supervisor from the Stonewall District is O .W. Martin, Jr., of Oakville. It is presumed that Mr. Martin will be a candidate for another four-year term.

It is also understood that the required petitions are being circulated in behalf of incumbent county officials. Fifty names must be on petitions in order to file as a candidate for county office. The deadline is 90 days before the primary election, or by April 15. The primary is to be held July 14.

County Sheriff David T. Robertson stated to The Times-Virginian yesterday that he would be a candidate for re-election, and that he would file in a few days.

Meanwhile, the date for candidates for Town of Appomattox offices was nearing. Town candidates must file 60 days prior to the town election, which comes this year on June 9. Thus far, no announcements have been made as to town officers, when a mayor and six councilmen will be chosen for two-year terms.

Telephone Company Plans Large Program of Expansion

A sizeable expansion is in the making for the Appomattox Telephone Company. Preliminary work has begun and it is hoped that by the end of this year several hundred new customers will be served, and existing facilities improved. Knowing that this program was taking shape, we asked Mr. K. E. Schuler, of the Telephone Company for a statement as to the expansion. We are happy to present below his reply.

Mr. Calvin Robinson, Editor,
TImes-Virginian,
Appomattox, Virginia.

Burning Law Now In Force

The 4:00 P. M. Burning law became effective Sunday, March, 1, and remains in effect through May 15. This law has proven very effective in the prevention of escaped fires.

The Virginia Division of Forestry takes this opportunity to point out that this law makes all open air fires illegal except from 4:00 P. M., to midnight during this period.

The Lookout Towers will be manned, anytime that a fire can burn, and all smokes will be investigated.

Local Firm Has New Service

An important business announcement was made this week by Hermcall's, local cleaners and laundry firm. Hermcall's announced that they were now offering a new self-service laundry department. Ten new coin-operated washers and two dryers have been installed, and are now available, day and night, for use by the public. The self-service laundry has proven popular all over the nation, and Hermcall's is to be congratulated for bringing this service to Appomattox.

The firm invites inspection of the equipment, and hopes that local customers will take full advantage of the opportunity to use it.

This firm is currently observing the anniversary of twenty years in business in Appomattox. Always progressive and public-spirited, the firm is a credit to the community. It is conveniently located on Route 460, mid-town, in modern quarters.

To keep sponges fresh and odorless, wash them in warm water and soap, then rinse thoroughly. When you have removed all the soap, let them soak in a solution of cold salt water for about 30 minutes. The salt solution gives them added buoyancy and keeps them free from odor.

Stock market stages gentle retreat.

A. H. S. Plays Friday Night For Title Rank

The championship of Group II, Division IV, will be at stake Friday night, when the Appomattox High School basketball team goes up against William Campbell H. S., of Campbell County.

A. H. S. won the championship of the northern division of the league last week-end by defeating Nelson County H. S. in a tournament, while William Campbell was winning the crown in the southren division of the league.

The finals in the tournament are to be played at 7:30 P. M., in the gymnasium at Rustburg. In a preliminary game, Brookville H. S. girls and Brookville H. S. girls will meet for the girls basketball championship.

Coach Gordon Braggs' A. H. S. boys' team has a season's record of 16 wins to one loss.

If Appomattox wins on Friday night, the team will go to Blackstburg to participate in the state championship finals.

LEGION ORATORICAL CONTEST HERE

The Fourth District American Legion Oratorical Contest will be held at the Appomattox High School auditorium on Tuesday, March 10, at 10:00 A. M. Everyone is invited to come and and support the students in the contest.

RESULTS OF LEAF REFERENDUM LISTED

Preliminary returns from the Feb. 24 referendum on Burley tobacco marketing quotas show that 10,984 or 98.6 per cent of the growers voting in Virginia were in favor of continuing marketing quotas for the next three consecutive marketing years. There were 22,082 eligible voters in Virginia.

The vote in Appomattox County was 15 for continuing marketing quotas and 1 against quotas.

Since more than the necessary two-thirds of those voting favored 3-year quotas, the marketing quota programs will continue in effect for the 1959, 1960, and 1961 crops of Burley tobacco. Marketing penalties will apply to Burley tobacco produced in excess of farm acreage allotments, and price support as provided in the controlling legislation will be available to farmers who comply with their allotments.

In the last referendum on Burley tobacco marketing quotas, held Dec. 29, 1955, quotas for the 1956, 1957, and 1958 crops were approved by 94.7 per cent of the 10,161 growers voting.

In a like referendum held Feb. 24, for sun-cured tobacco marketing quotas, 1,037 of the eligible 2,274 growers, or 97.9 per cent, voting in Virginia, favored marketing quotas for the next three consecutive years. The vote in Appomattox County was 4 for and one against.

Barbers Oppose Beards

Havana.- Cuba's barbers' union has issued a pronouncementto against beards.

The barbers said they were all for legitimate revolutionary beards grown by Fidel Castro's rebels during the campaigning in the hills but that the revolution ended in victory in January and it is now time for the beards to come off.

The Whole Truth?

If a husband's words are sharp, maybe it's because he had to get them in edgewise. — Castle Courier, Portsmouth, N. H.

During the first year of use, parking meters in the Town of Appomattox took in $2,420.00. A total of 67 meters were put into use on Feb. 24, 1958. During the remainder of 1958, the meters took in $2,061.00, in January, 1959, $202.00, and in Feb. $166.00.

Of the total meter take, one-half is paid to the firm furnishing the meters to pay for same. It is estimated that this percentage would pay for the meters in slightly over three years ,after which the meters would be the property of the town. Thus the net income for the town from the meters during the first year, was one-half of the total take.

The weekly take from the meters ranges slightly under $50.00. During the first weeks of use last year, most parkers deposited five cents. However, shortly later they found that they could consumate by using pennies for shorter parking periods, and the total take fell off. This very fact has disturbed some merchants, as they find that their customers are always in a great hurry to pick up some item and dash back to their car before their "twelve minutes" are up.

The income from the meters also varies some, as to weather conditions and seasonal peak shopping periods.

Violations of parking also had a part in the town's income due to the meters. Overtime parking brings a parking ticket, carrying a $1.00 fine. A total of approximately $600 was collected during the first year from these overtime-parking tickets.

Parking space has generally been more readily available on Main Street since the advent of meters, as many shoppers have made use of parking lots and side streets.

WEEKLY NEWS LETTER OF TOWN MAYOR

To the Citizens of
The Town of Appomattox:

In last week's copy of The Times-Virginian was published a financial statement for The Town of Appomattox ,showing all receipts and expenditures for the year 1958. I certainly hope that all of you good people looked this over and took a few moments to study same. In the event anyone should have any questions ,please feel free to inquire.

We have been experiencing some very rough and inclimate weather during the past few weeks and I realize that it has been very difficult for us to do much toward cleaning our premises. It looks like we may at last have a break in the weather and I certainly hope that all of you fine citizens will give the town your full cooperation in helping to clean and beautify our community.

The town employees have been very busy recently but in the near future we hope to have all of the street signs repaired ,or replaced.

Again let me plead with all of you to be most careful and keep a very close check on all stoves and furnaces to see that they do not become overheated. When and if you are burning any trash please be careful and see that the fire stays under control at all times.

The week of March 8 - 15, is National Girl Scout Week. Let's everyone bear this in mind and try to give them a helping hand with their various projects. In my opinion, the Girl Scouts and the Boy Scouts are two of the best organizations that we have to help train and develop our youth today, and I feel sure that we all want to do everything possible we can to help this cause.

Your counsel and advice on all public matters are welcomed at all times.

C. T. Mosse, Jr.,
Mayor, Town of Appomattox.

PRIMARY S. C. A.

The Primary S. C. A. met Feb. 19 at the Elementary School. The flags were presented and the pledge of allegiance was given. The meeting was turned over to Miss Smith's second grade, which brought the devotional and a Valentine program. A film was shown about birds and flowers.
